REQUEST FOR CORRECTION OF FILING RECEIPT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The official Filing Receipt for the above-identified patent application contains the following clerical errors:

1. Domestic Priority data as claimed by applicant incorrectly lists “PAT 6,325,157”.

Please revise this patent no. to read "PAT 6,195,136".

2. The line ending with “PAT 5,808,800” is also asterisked, although all of the information in that line appears to be correct.

For your reference, a copy of the Filing Receipt is enclosed, with the corrections indicated.

Please issue a corrected Filing Receipt for this patent application.

Respectfully submitted,

MARSH FISCHMANN & BREYFOGLE LLP

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

D

licant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where conditions for issuance of a license have been met; regardless of whether or not a license may be required as in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date stated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 5.15. This license is not retroactive.

The granting of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter imposed by any Government contract or the provisions of existing laws relating to espionage and the security or the export of technical data. Licensees should apprise themselves of current regulations with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOTED

If a license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.15. If a license is desired before the expiration of 6 months from the filing date of the application. If 6 months have elapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
